

RICE-RISE GLOBAL INITIATIVE, INC.

Partnership with:

Rice-Rise Global Initiative (RRGI) Profile

Building Alliances for Climate-Smart Agriculture & Regional Resiliency

Vision and Mission of RRG1

Vision

To be the leading catalyst for climate-resilient rice farming systems in Southeast Asia, where data-driven technology and sustainable practices empower smallholder farmers, eliminate ecological poverty, and secure global food abundance.

Mission

To bridge international AgTech innovation with local farming communities by deploying Alternate Wetting and Drying (AWD) methodologies, securing fair carbon/climate financing, and establishing transparent, verified digital agricultural tracking frameworks on Philippine soil.

Goals and Objectives of RRG1

Goals

- **Ecological Mitigation:** Drastically reduce methane and greenhouse gas emissions across local rice fields through scaled AWD adoption.
- **Economic Elevation:** Increase the net profitability and livelihood stability of local Filipino rice farmers via water savings, higher yields, and direct access to climate incentives.
- **Institutional Credibility:** Maintain a transparent, compliant, and fraud-proof fiduciary platform that makes RRG1 the partner of choice for global organizations like Bayer.

Objectives

- **Field Target:** Successfully deploy, map, and digitally monitor of rice land across Capiz (Dumalag, Sigma, Dao, Jamindan) for the active cropping season.
- **Capacity Building:** Complete technical field training for our teams and host partner institutions.
- **Fiduciary Stewardship:** Securely manage joint project fund allocations via strict cross-authorization banking workflows to protect local stakeholders.

Er. Saibal Mitra,

Founder, CEO & COO, KBC,
India / Expert in Rice carbon
credit operation and
Management

Dr. Ashok Kumar Mohanty,

Technical expert in Irrigation Water
Management / Rice carbon
emissions Management / Integrated
Nutrient and Weed Management

FINANCIAL GOVERNANCE

A Joint Financial Oversight Committee (JFOC) composed of:

- President, RRGi
- Treasurer, RRGi
- Consultant in RRGi (Dr. Ashok Kumar Mohanty from KBC India)
- Consultant in RRGi (Engineer Saibal Mitra from KBC India)

Mandatory Joint Authorization: No expenditure shall be considered valid unless:

- ❖ Approved by at least one (1) RRGi representative AND one (1) Consultant from RRGi, Philippines, representing KBC, India
- ❖ For expenses exceeding PHP 50,000, prior approval of at least one of the two (2) Consultants from RRGi, Philippines, representing KBC, India, is mandatory
- ❖ An approved budget of expenses shall be provided by RRGi Consultants, Philippines, representing KBC, India, and all expenses would be as per the approved cost budget.

Key Leadership (Trustees or Incorporators)

Dr. Ramises Nudalo Solante

President

► **Personal Profile**

Email Address: solantedodong@gmail.com

► **Educational Attainment**

Ph.D. in Entomology, University of the Philippines Los Baños (UPLB)

► **Professional Background**

Occupation Before Retirement: Professor VI (Retired from government service effective November 2, 2021)

Technical Skills: Rice production, Corn production and Mushroom production

► **Key Leadership Roles (CAPSU Burias)**

Campus Administrator: June 2013 – Sept 2016 & Oct 2016 – June 2018

Dean: College of Agriculture and Forestry

Director: Capiz Sustainable Rice Development Center (CSRDC)

► **Professional Development**

Various professional Seminars/Training/Conferences/Workshops attended

Key Leadership (Trustees or Incorporators)

Dr. Emelita Pongcol Solante
Treasurer

► Personal Profile

Email Address: solanteemil@gmail.com

► Educational Attainment

Ph.D. in Agronomy, Capiz State University (CapSU)

► Professional Background

Occupation Before Retirement: Professor VI

Extension Director and Director, MRDC: June 2013–September 2022

Technical Skills: Mushroom Production & Development and Tissue Culture

Key Awards & Recognition

Best Teacher Awardee / Chancellor's Awardee: Granted by the Panay State Polytechnic College (PSPC) in December 1994.

► Professional Development

49 professional seminars, conferences, and workshops attended

► Expert Services

Project Leader (NCCA): *Lawig Visayas: Kumbuyanahanay for ATI and Panay Bukidnon*

Project Leader (CHED): *RISE Capiz (Riverine Improvement for Sustainable Ecotourism)*

► Research & Publications

5 research papers published across local and national journals.

Key Leadership (Board Member)

Dr. Edgardo Reyes Gallardo

► Personal Profile

Email: cawayan2022@gmail.com Mob : +63 9088796981

Address: Cawayan New Washington, Aklan, Philippines

► Educational Attainment

Master of Science (M.S.): Agronomy | Capsu Mambusao Capiz

PhD: Agronomy | Capsu Mambusao Capiz

► Professional Work Experience

Retired as Professor, Dept. of Agriculture (Over 30 years of service) | Capiz State University

Professional Development

Various professional Seminars/Training/Conferences/Workshops attended

Key Leadership (Board Member)

Dr. Bede P. Ozaraga

► Personal Profile

Email: bedeozaraga@gmail.com **Mob:** +63 9175222027

Address: Tacas, Jaro, Iloilo

► Educational Attainment

Master of Science (M.S.): Agriculture | Capsu Mambusao Capiz

PhD: Agriculture | Capsu Mambusao Capiz

► Professional Work Experience

Retired as Professor, Dept. of Agriculture (38 years of service) | Capiz State University

Professional Development

Various professional Seminars/Training/Conferences/Workshops attended

Key Leadership (Board Member)

Prof. Francisco Roman R. Figarola

► Personal Profile

Email: figarolafrank@gmail.com

Address: #8 Diamond St., Briones Subd., Atiplo, Mambusao, Capiz,
Philippines

► Educational Attainment

Master of Science (M.S.): Forestry | Central Mindanao University

► Professional Work Experience

Retired Forestry Faculty Professional | Capiz State University

Professional Development

Various professional Seminars/Training/Conferences/Workshops attended

Key Leadership (Board Member)

Prof. Felizardo F. Gimoto

➡ Personal Profile

Various professional Seminars/Training/Conferences/Workshops attended

Er. Saibal Mitra,
Founder, CEO & COO, KBC, India / Expert in Rice carbon credit operation and
Management
Email: mitrasaibal@hotmail.com

► **Experience:**

- Chemical engineer with over 40 years experience in Business Development and Project Management in Engineering Services to the Oil & Gas sector
- Has worked in multi-cultural and multi-national work environments (as in middle and top management) in India, Middle East and USA
- Currently leading the Climate Smart Agriculture project as the implementation partner of Bayer BioScience (India) as the Project Director for the past 4 years (Deenabandhu Trust /KrishiBandhu CropScience)
- Additional responsibilities include HR, Safety & Quality Control

Dr. Ashok Kumar Mohanty,
Technical expert in Irrigation Water Management / Expert in Rice Carbon Emissions Management
/ Agronomy expert

Email: drakmohanty1962@gmail.com (+91 94371 06404)

► **Principal Areas of Expertise:**

Irrigation water management,
Rice Carbon Emission Management,
Agro-meteorology and Agroforestry,
Integrated Weed and Fertilizer
Management

► **Educational
Qualifications:**

Master of Science (M.Sc.):
Agronomy, Panay State
Polytechnic College, Philippines
Doctor of Philosophy (Ph.D.):
Agronomy, Orissa University of
Agriculture and Technology
(OUAT)

► **Consultancy Assignments:**

- TCS iON
- Planning Commission, Govt. of India
- OXFAM-United Kingdom (UK)
- NR International, UK
- DFID, UK
- CAPART, Govt. of India
- Functional Vocational Training Forum, Germany
- IFRTD, London, UK
- United Nations World Food Programme
- Catholic Relief Services, USA

► **Experience:**

Chief Technical Officer (CTO) and Senior Consultant Agronomy,
KBC, West Bengal, India
Professor and Head, Department of Agro-meteorology: Faculty of
Agricultural Sciences (FAS), SOA Deemed University, Bhubaneswar
**Chief Scientist, All India Coordinated Research Project on Irrigation
Water Management,** under OUAT, Chiplitima
Dean, College of Agriculture, OUAT, Chiplitima
Associate Director of Research, OUAT, Chiplitima
UN Volunteer, CapSU, Capiz, Philippines, under UNDP, Manila.

**Research Projects handled as Principal
Investigator:** 24 Nos.
International Research Publications: 13 Nos.
National Research Papers: 80 Nos.
Books Published : 13 Nos.
Trainings & Symposia Attended: 24 Nos.

Current Activities

Identified & trained 20 field personnel for execution of Climate Smart Agriculture Practice for Rice Farmers (AWD)

Shortlisted Irrigated Rice Fields in the Municipalities of Sigma, Dao, Dumalag & Jamindan in Capiz for implementation of AWD

Selection of farmers and orientation on AWD – Barangay Level

Orientation of Farmer Irrigation Associations (FIA) on AWD

Draft MOUs of RRGIs with Different Organizations

Draft MOU with Rice-Rise Global Initiative (RRGI) and
KrishiBandhu Crop Science (KBC):

Draft MOU with RRGIs and Irrigation Association (IA):

Draft MOU with RRGIs & Municipal Agriculture Office
(MAO):

Draft MOU with RRGIs & Capiz State University (CapSU):

A wide-angle photograph of a lush green rice paddy field. Several farmers are visible working in the water. One farmer in a white shirt and hat is on the left, another in a green shirt and pink pants is on the right, and a group of three farmers in the center are carrying large baskets on their heads. The field is divided into sections by narrow earthen paths. In the foreground, a small wooden structure with a blue cloth is visible. The background is filled with dense green foliage and trees.

Thank you
